Subject: HAVA Title II Report for Period of 10/01/03 through 09/30/04

Via E-Mail, Facsimile and FedEx Priority Overnight Delivery

Please accept the following report of all financial activity concerning funds provided to the State of Nevada pursuant to Title II of the Help America Vote Act (HAVA) during the period beginning October 1, 2003 and ending September 30, 2004. The first section of this report is a narrative providing a detailed list of expenditures made with respect to each category of activities described for the use of funds in HAVA §251 and made in furtherance of meeting the requirements of Title III of HAVA, including an analysis and description of the activities and how such activities conform to Nevada's State Plan. The second section of this report consists of the completed Standard Form 269.

Authorized Use of Title II Funds—To Meet the Requirements Set Forth in Title III of HAVA

Section 251 of HAVA provides that Title II monies may be used to meet the requirements of Title III, specifically for purposes of voting system replacement, implementation of provisional voting, providing voter information and education, implementation of a statewide voter registration system and establishment of identification requirements for first time voters.

Nevada's State Plan for FY 2004-2005

Nevada, through its HAVA State Plan Advisory Committee under the direction of Secretary of State Dean Heller, adopted and submitted to the Election Assistance Commission its State Plan for FY 2004-2005. Section 3(1) of the State Plan, entitled *Use of Requirements Payments*, describes how the Title II payments received by Nevada will be used to meet the requirements of HAVA Title III, including estimates of the amount of funds that will be made available for such activities.

The most significant projects are the upgrade and replacement of the voting systems used in the 17 Nevada counties, and development and implementation of a centralized statewide voter registration

ORIGINAL

system. We have completed the installation of uniform voting systems throughout the State that comply with the standards set forth in § 301(a) of HAVA, in particular to provide for Direct Record Electronic (DRE) voting machines, with attached voter-verifiable paper trail printers (VVPAT) on every DRE purchased with HAVA funds, to be used at all polling places statewide, and an Optical Scan voting system to be used for all absentee voting statewide. Our statewide voter registration system is currently in the technical design and development stage, and we are making good progress toward successful implementation by January of 2006.

Breakdown of Expenditures by Program, Function or Task

As discussed above, Nevada's expenditures of Title II monies were made as follows, with the lion's share of such monies going to implement uniform, HAVA-compliant voting systems throughout the State, and to conduct a comprehensive statewide training program for use of such new voting systems for all users, including county and state election officials, poll workers, volunteers and the public.

HAVA Section 301:

Voting System Replacement and Training of Election Officials and Poll Workers

\$3,954,466.50—expenditures made to Sequoia Voting Systems (Sequoia) pursuant to the State's contract with Sequoia for purchase of uniform voting systems to be used statewide, as well as for all associated equipment, software, ancillary devices, maintenance and services related to the statewide voting system's implementation, including training. The total amount of the contract was \$9,272,622.00, and it provided for purchase of 1,935 DRE's, 3,381 VVPAT's, 4 automatic high-speed absentee counters, 33 manual mid-speed absentee counters, election management and tabulation software, all ancillary equipment and peripherals, as well as for all necessary training to the state and county election officials, poll workers and the public. The above expenditures, paid from Title II monies, reflect payments due to Sequoia. Because the above expenditures were partial payments toward the full contract amount, which were not tied to a pro rata share of the goods or services covered by the contract, no breakdown can be made concerning the number of units or machines purchased with the payments made from Title II monies. This amount includes monies provided as the state's 5% match.

HAVA Section 302:

Provisional Voting, and Voter Information and Education

\$19,821.25—expenditures related to implementation of provisional voting throughout the state, to inform and educate the public and the election officials on the conduct of provisional voting and voting information in general, including implementation of the *Easy Voter Project*, which created *The Easy Voter Guide* written in accessible language directed at readers of all levels, which provided information on the date of the election, polling place information, and instructions how to vote and general information on voting rights and assistance, including explanations of and arguments for and against the questions that would appear on the ballot. This amount includes monies provided as the state's 5% match.

HAVA Section 303:

Statewide Voter Registration System and Training of Election Officials

ORIGINAL

\$36,974.12—expenditures made for purchase of computer servers for the statewide voter registration system (SVRS) and for conduct of joint application design sessions with the vendors in coordination with other state agencies, both information technology related agencies and agencies with databases that the Secretary of State, as Nevada's chief election official, must coordinate with in the implementation of the SVRS, as well as with local election officials. Included are the travel and per diem expenses of Secretary of State staff and local election officials to attend the regionally located sessions. While the SVRS contract covers the costs of conducting the joint application design sessions for election officials, the State reimbursed them for the necessary travel and per diem to attend the regional sessions. This amount includes monies provided as the state's 5% match.
